**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I have been a customer of both AT&T and Comcast. In the past few years I've switched over to Fiber (from Sonic) and believe it was the best choice I have made in years. Having both companies monopolize is the worst decision that could ever happen. There needs to be a point where other companies can compete because it wouldn't make sense to have one or two companies regulate all of broadband/internet to their likings. There should NEVER be a speed cap on internet or selfish plans to make more money by capping bandwidth. I would hope the voices of peoples opinions reach out to you and see that this is a terrible idea.
